2009 Top Contractors Methodology

DND = Did not disclose UNK = Unknown

Ranking was based on information submitted in January and February. California Construction has ranked general contractors by 2008 revenue in California. Firms with corporate headquarters out of California were ranked by the amount of business their California offices did within the state. Firms based in California were also ranked based on work they did within the state.

For more information or to ask about submitting for next year's list, contact Joe Florkowski at (626) 932-6171 or by e-mail at joe_florkowski@mcgraw-hill.com
